General

Transport Infrastructure Ireland (TII) was set up to deliver and operate safe and efficient light rail and national road networks. TII's mission is to deliver transport infrastructure and services that contribute to the quality of life of the people of Ireland and support the country's economic growth.

TII's ability to deliver and operate light rail and roads networks efficiently is recognised, as evidenced by the portfolio of National Development Plan (NDP) 2021–2030 investments entrusted to TII and its partners to deliver.

Under the NDP there are three areas under the remit of TII which identify key priorities:

- 1) Investment in public transport infrastructure** to be delivered on behalf of the National Transport Authority (NTA) in line with the Transport Strategy for the Greater Dublin Area 2022-2042. This Strategy commits to the undertaking of appraisal, planning and design of Luas network expansion to Bray, Finglas, Lucan and Poolbeg. Importantly, the Plan also sets out a firm commitment to deliver a metro rail system known as MetroLink that will run from Swords to Charlemont, connecting Dublin Airport with the city centre and providing interchanges with other public transport services including Iarnród Eireann at Glasnevin, the DART at Tara Street and Luas at O'Connell Street and Charlemont. TII also delivers light railway infrastructure being planned in other cities: currently TII is working in partnership with the NTA on the planning and design of Cork Light Rail Transit.
- 2) Investment in national roads, active travel and Greenway infrastructure** will be delivered in accordance with the guiding principles of the Department of Transport,

National Investment Framework for Transport in Ireland and the Strategy for Future Development of National and Regional Greenways. The major roads, active travel and Greenways projects to be delivered and funding provisions are set out in the NDP 2021 to 2030. TII also has a new function for the delivery of zero and low emission vehicle infrastructure (ZEVI) under the Road Traffic and Roads Act 2023.

- 3) Investment in maintenance and renewal expenditure** will need to increase over the lifetime of the NDP to meet the required investment levels for the current transport network and for new projects as they come into service.

TII's ambitious plans for infrastructural delivery will drive Ireland's long term economic, environmental, and social progress across all parts of the country over the next decade. The NDP, which is aligned with the delivery of the objectives of the National Planning Framework (NPF), sets out a roadmap and the level of investment which will underpin the NPF and drive its implementation over the next ten years.

Where the appointee has worked in a pensionable (non-Single Scheme terms) public service job in the 26 weeks prior to appointment or is currently on a career break or special leave with/without pay different terms may apply. The pension entitlement of such appointees will be established in the context of their public service employment history.

However, if the appointee was previously employed in the Civil or Public Service and awarded a pension under voluntary early retirement arrangements (other than the Incentivised Scheme of Early Retirement (ISER), the Department of Health Circular7/2010 VER/VRS or the Department of Environment, Community & Local Government Circular letter LG(P) 06/2013 which, renders a person ineligible for the competition) the entitlement to that

pension will cease with effect from the date of reappointment. Special arrangements may, however, be made for the reckoning of previous service given by the appointee for the purpose of any future superannuation award for which the appointee may be eligible.

Pension payments will, however, be resumed on the ceasing of such employment or on the person's 60th birthday, whichever is the later, but on resumption, the pension will be based on the person's actual reckonable service as a teacher (i.e. the added years previously granted will not be taken into account in the calculation of the pension payment).

Ill-Health Retirement

Please note that where an individual has retired from a Civil/Public Service body on the grounds of ill-health his/her pension from that employment may be subject to review in accordance with the rules of ill-health retirement within the pension scheme of that employment.

Qualification and placement on a panel is **not** a guarantee of appointment to a position. Please note that once an offer of appointment has been accepted a candidate will be removed from the panel and no further offers of appointment will be made.

Incentivised Scheme for Early Retirement (ISER)

It is a condition of the Incentivised Scheme for Early Retirement (ISER) as set out in Department of Finance Circular 12/09 that retirees, under that Scheme, are debarred from applying for another position in the same employment or the same sector. In accordance with the terms of the *Collective Agreement: Redundancy Payments to Public Servants* dated 28 June 2012 as detailed above, it is a specific condition of that VER Scheme that persons will not be eligible for re-employment in any Public Service body [as defined by the Financial Emergency Measures in the Public Interest Acts 2009 – 2011 and the Public Service Pensions (Single Scheme and Other Provisions) Act 2012] for a period of 2 years from their date of departure under this Scheme. These conditions also apply in the case of engagement/employment on a contract for service basis (either as a contractor or as an employee of a contractor).

Collective Agreement: Redundancy Payments to Public Servants

The Department of Public Expenditure and Reform letter dated 28th June 2012 to Personnel Officers introduced, with effect from 1st June 2012, a Collective Agreement which had been reached between the Department of Public Expenditure and Reform and the Public Services Committee of the ICTU in relation to ex-gratia Redundancy Payments to Public Servants. It is a condition of the Collective Agreement that persons availing of the agreement will not be eligible for re-employment in the Public Service by any Public Service body (as defined by the Financial Emergency Measures in the Public Interest Acts 2009 – 2011) for a period of 2 years from termination of the employment. Selection Methods

TII will convene an expert board to carry out the competitive stages of the selection process to the highest standards of best practice. The approach employed may include:

- Shortlisting of candidates on the basis of the information contained in their application

- A competitive, competency focused, interview
- A second round interview
- Presentation/work sample/role play/media exercise, and any other tests or exercises that may be deemed appropriate; and
- Reference and online checks.

Shortlisting

Normally the number of applications received for a position exceeds that required to fill the position. While you may meet the eligibility requirements of the competition, if the numbers applying for the position are such that it would not be practical to interview everyone, TII may decide that a smaller number only will be called to interview. In this respect, TII provides for the employment of a short-listing process to select a group for interview who, based on an examination of the documents provided by you, appear to be the most suitable for the position.

This is not to suggest that other candidates are necessarily unsuitable, or incapable of undertaking the job, rather that there are some candidates who are, prima facie, better qualified and/or have more relevant experience.

During any short-listing exercise that may be employed, TII is guided by an interview board who examine the applications and assess them against pre-determined criteria based on the requirements of the position. It is therefore in your own interest to provide a detailed and accurate account of your qualifications/ experience on your application.

Prior to recommending any candidate for appointment to this position TII will make all such enquiries that are deemed necessary to determine the suitability of that candidate. Until all stages of the recruitment process have been fully completed a final determination cannot be made nor can it be deemed or inferred that such a determination has been made.

Interviews

The onus is on each applicant to ensure that she/he is in receipt of all communications from TII. Candidates should make themselves available on the date(s) specified by TII and should make sure that their contact details specified on their application are correct. TII will not be responsible for refunding any expenses incurred by candidates for attendance at interview.

Candidates' Rights – Review Procedures in relation to the Selection Process

TII will consider requests for review in accordance with its Recruitment & Selection Policy.

References

TII would appreciate it if you would start considering names of people who you feel would be suitable referees (1 - 2 names and contact details). The referees listed do not have to include your current employer, but should be in a position to provide a work reference for you. Please be assured that TII will only collect the details and contact your referees should you come under consideration at interview stage.

The admission of a person to a competition, or invitation to attend interview, or a successful result letter, is not to be taken as implying that TII is satisfied that such a person fulfils the requirements or is not disqualified by law from holding the position.

Should the person recommended for appointment decline, or having accepted it, relinquish it, TII may at its discretion, select and recommend another person for appointment from the panel on the results of this selection process.

Deeming of candidature to be withdrawn

Candidates who do not attend for interview or other test when and where required by TII, or who do not, when requested, furnish such evidence as TII require in regard to any matter relevant to their candidature, will have no further claim to consideration.
