

# Zero Emission Heavy Duty Vehicle – Recharging Infrastructure Grant Scheme Application Form

**Note:** The purpose of the ZEHDV-I Grant is to facilitate the development of Zero-Emission Heavy Duty Vehicle Recharging Infrastructure to promote future-proof clean technologies and accelerate the use of sustainable, accessible and smart transport.

This is a Department of Transport Scheme which is administered by Transport Infrastructure Ireland with the assistance of Pierse Fitzgibbon Solicitors LLP which acts as the Scheme Operator. All communication in connection with the Scheme will come from Pierse Fitzgibbon Solicitors LLP, who will endeavor to confirm receipt of applications within three working days.

**If you have already ordered, purchased or commenced installation of Recharging Infrastructure, it is NOT eligible for support under the Terms and Conditions of this ZEHDV-I Grant.**

All fields in the form are **MANDATORY**. Incomplete applications may not be processed. This Application Form shall be submitted in digital format (either digitally filled and signed, or manually filled, signed and scanned).

**Note:** It is only possible to apply for grant funding for a single site with each application form, for multiple sites please submit additional application forms. The grant is calculated using the total cost of the infrastructure excluding VAT.

## Section A: Undertaking Details

Undertaking name:

Undertaking registered  
number (CRO Number):

Undertaking registered  
address (inc Eircode):

Type of undertaking:

Undertaking size:

Installation Address  
(inc Eircode & x/y Coordinates)

## Section B: Contact Information

Contact person name:

Contact phone number:

Contact email:

## Section C: Zero Emission Recharging Infrastructure Detail

Part (a) ESB Networks (ONLY)							
	Description of Works to be completed by ESB Networks					Total Cost of Works (€) (Excluding VAT)	
1							
Part (b) Vehicle Recharging Equipment Purchase							
		Size (kW)	Quantity	Cost per Unit (€) (Excluding VAT)	Total Cost (€) (Excluding VAT)	Manufacturer	Model
1	Equipment Purchase Costs						
Part (c) Vehicle Recharging Equipment Installation							
		Description of Works				Total Cost (€) (Excluding VAT)	
1	Installation Costs						
2	Civils Costs						
Part (d) Grant Application Total							
	Total cost of equipment and installation (€) (Excluding VAT)					€	

## Section D: Renewable Generation and Battery Storage Infrastructure

As part of this work are you planning on installing any Renewable Generation or on-site Battery Storage?  
If yes, please provide the manufacturer and size of the associated equipment:

## Section E: Applicant Declaration

- ☐ I certify that the data indicated in this Application Form is true and correct in all respects.
- ☐ I declare that I have read and agree with the Terms & Conditions found on TII's website.
- ☐ I declare this Application Form contains the details of new Infrastructure in accordance with the definitions of the Terms & Conditions and the template Grant Letter found on TII's website.
- ☐ I declare this Infrastructure will not be installed within a Port or be used as part of Port Infrastructure.
- ☐ I declare that the Undertaking and/or Affiliates has not already been awarded Grants Amounts totaling more than €300.000 under this Scheme within the current budgetary year.
