General

Transport Infrastructure Ireland (TII) was set up to deliver and operate safe and efficient light rail and national road networks. TII's mission is to deliver transport infrastructure and services that contribute to the quality of life of the people of Ireland and support the country's economic growth.

TII's ability to deliver and operate light rail and roads networks efficiently is recognised, as evidenced by the portfolio of National Development Plan (NDP) 2021–2030 investments entrusted to TII and its partners to deliver.

Under the NDP there are three areas under the remit of TII which identify key priorities:

- 1) **Investment in public transport infrastructure** to be delivered on behalf of the National Transport Authority (NTA) in line with the Transport Strategy for the Greater Dublin Area 2022-2042. This Strategy commits to the undertaking of appraisal, planning and design of Luas network expansion to Bray, Finglas, Lucan and Poolbeg. Importantly, the Plan also sets out a firm commitment to deliver a metro rail system known as MetroLink that will run from Swords to Charlemont, connecting Dublin Airport with the city centre and providing interchanges with other public transport services including Iarnród Éireann at Glasnevin, the DART at Tara Street and Luas at O'Connell Street and Charlemont. TII also delivers light railway infrastructure being planned in other cities. Currently TII is working in partnership with the NTA on the planning and design of Cork Light Rail Transit.
- 2) **Investment in national roads, active travel and Greenway infrastructure** will be delivered in accordance with the guiding principles of the Department of Transport, National Investment Framework for Transport in Ireland and the Strategy for Future Development of National and Regional Greenways. The major roads, active travel and Greenways projects to be delivered and funding provisions are set out in the NDP 2021 to 2030. TII also has a new function for the delivery of zero and low emission vehicle infrastructure (ZEVI) under the Road Traffic and Roads Act 2023.
- 3) **Investment in asset management, maintenance and renewal expenditure** will need to increase over the lifetime of the NDP to meet the required investment levels for the current transport network and for new projects as they come into service.

TII's ambitious plans for infrastructural delivery will drive Ireland's long term economic, environmental and social progress across all parts of the country over the next decade. The NDP, which is aligned with the delivery of the objectives of the National Planning Framework (NPF), sets out a roadmap and the level of investment which will underpin the NPF and drive its implementation over the next ten years.

MetroLink Programme

MetroLink is a transformative piece of public transport infrastructure and will be Dublin's first metro railway. The system will offer a high-capacity, high-frequency metro railway with 16 new stations from Swords to Charlemont. It will interlink with multiple transport networks, including Dublin Airport, Irish Rail, DART, Dublin Bus, and Luas, promoting a seamlessly integrated transport experience for the Greater Dublin Area.

The majority of its 19km route is underground, marking a paradigm shift for Irish public transport. Upon launch, MetroLink will provide trains every three minutes during peak times, with expected annual passenger numbers of 53 million, providing unprecedented convenience of travel to passengers.

In this respect, TII provides for the employment of a short listing process to select a group for interview who, based on an examination of the documents provided by you, appear to be the most suitable for the position.

This is not to suggest that other candidates are necessarily unsuitable, or incapable of undertaking the job, rather that there are some candidates who are, *prima facie*, better qualified and/or have more relevant experience.

During any short-listing exercise that may be employed, TII is guided by an interview board who examine the applications and assess them against pre-determined criteria based on the requirements of the position. It is therefore in your own interest to provide a detailed and accurate account of your qualifications/ experience on your application.

Prior to recommending any candidate for appointment to this position TII will make all such enquiries that are deemed necessary to determine the suitability of that candidate. Interviews

The onus is on each applicant to ensure that she/he is in receipt of all communications from TII. Candidates should make themselves available on the date(s) specified by TII and should make sure that their contact details specified on their application are correct. TII will not be responsible for refunding any expenses incurred by candidates for attendance at interview.

Candidates' Rights – Review Procedures in relation to the Selection Process

TII will consider requests for review in accordance with its Recruitment & Selection Policy.

References

TII would appreciate it if you would start considering names of people who you feel would be suitable referees (1 - 2 names and contact details). The referees listed do not have to include your current employer, but should be in a position to provide a work reference for you. Please be assured that TII will only collect the details and contact your referees should you come under consideration at interview stage.

The admission of a person to a competition, or invitation to attend interview, or a successful result letter, is not to be taken as implying that TII is satisfied that such a person fulfils the requirements or is not disqualified by law from holding the position.

Should the person recommended for appointment decline, or having accepted it, relinquish it, TII may at its discretion, select and recommend another person for appointment from the panel on the results of this selection process.

Deeming of candidature to be withdrawn

Candidates who do not attend for interview or other test when and where required by TII, or who do not, when requested, furnish such evidence as TII require in regard to any matter relevant to their candidature, will have no further claim to consideration.
