Project Strategic Noise Mapping Phase 2 (2012)

Title Lden (dB) - County Kildare

0 5 10
Kilometers

Coordinate System: TM65 Irish Grid

Data Source: Kildare Co Co.; National Roads Authority

Date: September, 2012

3

This strategic noise map presents a graphical representation of weighted predicted annual average (L_{den}) and annual average night time (L_{night}) road traffic noise levels in Co Kildare. The map has been developed in accordance with S.I. No. 140/2006 (the Environmental Noise Regulations) and is a representation of the average environmental noise levels over one complete year. This map forms part of a national noise mapping strategy which can be primarily used as a strategic tool for large scale planning or policy matters and is not suitable for local noise assessments. National and regional roads deemed to be carrying in excess of 3 million vehicle passages per year were assessed in this national study.
