<b>Preamble to the Allocations for Greenways and Active Travel for 2025 .....</b>	<b>1</b>
<b>1. Introduction .....</b>	<b>3</b>
<b>1.2 Arrangements for Allocations .....</b>	<b>3</b>
<b>1.3 Allocation Terms and Conditions .....</b>	<b>4</b>

## 1. Introduction

This preamble describes the matters considered for “The 2025 Grant Allocations to Local Authorities for Greenways and Active Travel” (the “Allocations”). The Allocations are made by Transport Infrastructure (TII) having regard to the priorities set out in the National Development Plan 2021-2030 (the “NDP”), the objectives of the Climate Action Plan 2023, the Programme for Government, other national policies, and the terms and conditions set by the Minister for Transport (the “Minister”) pursuant to the Roads Act 1993.

TII’s statutory duty is to secure a safe and efficient network of national roads having regard to the needs of all users. TII is also responsible for overseeing the delivery of a programme of national and regional greenways as Approving Authority, in accordance with the Infrastructure Guidelines, pursuant to an agreement between the Minister and the Board of TII.

The Minister has notified TII that the Exchequer Capital Allocation for Greenways and Active Travel for 2025 will be €67million broken down as follows

- Greenways Projects €49m
- Asset Protection and Renewal €3m
- National Roads Active Travel €15m

Funding in relation to Asset Protection and Renewal (€3million) will be allocated during 2025 following engagement between TII and Local Authorities with relevant Greenways in their administrative area.

### 1.2 Arrangements for Allocations

Further to the general duty of TII under the Roads Act and the agreement between the Minister and TII Board in relation to Greenways, TII provides allocations to Local Authorities on an annual basis, so they can deliver on their road authority functions on behalf of TII on national roads active travel and Greenways. If for any reason it is not possible to deliver on a particular project or for TII to approve the progression of a project, TII can, and does, reallocate part or all the relevant funding to other greenway and active travel projects, during the year in question.

The allocations are an indication of the progress that TII believes is possible on each project during 2025. The allocations will be used to reimburse the relevant Local Authorities for costs incurred in accordance with national roads and greenways chargeability requirements.

The National Cycling Network Plan was published in 2023. TII was tasked with the oversight on the delivery of this plan on behalf of the Department of Transport. Projects that are on this network are denoted by the letters NCN.

### 1.3 Allocation Terms and Conditions

- The drawdown of funding by the Local Authority (LA) on PRS will be taken as acceptance of these terms and conditions.
- The allocations are annual contributions towards the costs incurred by the LA in relation to the project for which the allocation is provided (each allocation is identified by a unique PRS Code).
- The LA may claim for expenditure up to the amount of the allocations assigned in PRS. Expenditure claims must meet the eligibility criteria set out in TII's guidance document "Chargeability of Expenditure to National Road and Greenways Grants" and should only be used for the purposes for which the allocation is provided by TII.
- The allocations provided by TII will only be available to the LA to claim during the period 3 March 2025 to the last pay run in December 2025.
- Any portion of the allocation which LAs will not be availing of or is not claimed via PRS in the period specified above may be withdrawn or reallocated by TII to another project within the LA or to another LA.
- The funding is being made available for the improvement Greenways and Active Travel ('the projects') and may only be used for the specific project / purpose for which the grant is allocated. Where funding is availed of the projects should be developed and implemented in accordance with TII guidelines, standards and procedures.
- In procuring services for the purposes of the project, the LA shall, where applicable, comply with Irish and European public procurement law and national public procurement guidelines.
- An appropriate audit trail shall be maintained between expenditure claimed on the PRS and the LA's financial management system. Expenditure charged to TII allocations must be clearly identifiable in the LA's accounting system (i.e. separate job codes set up for each PRS allocation) and supported by appropriate documentation.
- Where expenditure is claimed on PRS the LA should ensure that amounts claimed are not subject to any other claims for reimbursement from any other funding body (except in cases of joint-funding arrangements).
- Documentation to support expenditure claimed shall be retained in line with the LA's internal document retention policy and shall be made available for review by TII (when requested).
- Each claim submitted on PRS must be electronically certified by the Finance Officer (as designated in the PRS system for each LA).
- Circular 13/2014 "Management and Accountability for Grants from Exchequer Funds" issued by Department of Public Expenditure imposes certain obligations on grantees of Exchequer funding. It is a condition of TII funding that the requirements of Circular 13/2014 are fully complied with. In accordance with Circular 13/2014, grants received by grantees (i.e., local authorities) may be subject to audit by the bodies providing the funding. In this regard TII reserves the right to audit any project implemented by the local authority for which grants have been paid by TII.
- Should an audit be undertaken, and any expenditure be identified as ineligible, the LA shall refund TII the amount deemed to be ineligible.

- Should any project for which TII is providing grant funding be subject to a co-funding arrangement through the LA, the LA is required ensure that there will be no duplication of funding for the same activity / project.
- Should grants provided by TII be used by the LA to acquire assets, these shall not be disposed of without the prior written approval of TII.
- Should any errors (overclaims) be identified through audits / checking undertaken by the LA on claims made on PRS, the LA shall notify TII of the error identified and refund the amount requested by TII.

# High-level Overview

TII - 2025 Grant Allocation to Local Authorities for Greenways and National Roads Active Travel

Grant Allocation Overview per Budget Classification

Payee	Greenways & Active Travel (AT)	Total
Cavan County Council	330,000	330,000
Clare County Council	1,850,000	1,850,000
Cork County Council	6,970,000	6,970,000
