

How Road Safety Audits are Used After the Audit Process

24th May 2023

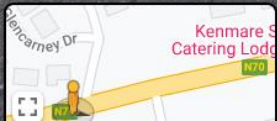

Planning Applications

TII as a Statutory Consultee

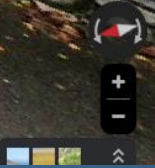

- Developer audits – schools/residential/commercial/
- Importance of completing all aspects of the audit report
- Only one RFI allowed
- Design Reports
- Incomplete audits
- Feedback forms – did you agree to only have part of your audit shared?

TII as a Statutory Consultee

☐ Helpful Points for Inclusion:

- Items provided for audit – list the drawings and revisions
- The scope of the audit – stipulations for what is outside the scope particularly with active travel connections
- Scheme adjacent issues – alignment/ active travel
- Previous audits
- TII approval form of auditors for national road interfaces

Table of Contents

1	INTRODUCTION	3
2	ITEMS ARISING FROM THE AUDIT	5
3	AUDIT TEAM STATEMENT	14
4	ROAD SAFETY AUDIT FEEDBACK FORM	15

APPENDICES

Appendix A	List of drawings and other information examined
Appendix B	Approval of Safety Audit Team

Stage 3 RSA and Substantial Completion

Think about added benefits to the network

- Forms part of the request for substantial completion
- Scope of the audit – sectional completion
- Interim traffic management arrangements

Example of partial opening working well

Think about added benefits to the network

- Length of time to develop a scheme
- Changes in thinking and standards
- Awareness of future schemes
